

Directions to Access Parent Portal

-Please do not create a new account if you already have one for any of your students.

-You will only need to add a student using the **Access ID** and **Access Password** that you receive from your child's school to your existing account if they have never been added or if this is their first time enrolled in Sumter School District.

Parents will be able to log in once to PowerSchool and access all of their children's information. **Even if you have only one student, you will need to complete this process to view your student's information.**
